

# Call for a Health Professional to join our Leadership Team

Our PReS dedicated Paediatric Rheumatology Health Professional Community of Practice and Science: **ComPaS** group, exchanges ideas, experiences, knowledge and skills and finds resources in order to achieve the highest standards of care for all HP disciplines.

We have recently established a new Leadership team, lead by the elected Chair with two Health Professional deputies. Each individual has their own focus. The Chair (currently Dr Polly Livermore) leads on the annual Congress planning and managing the budget. Deputy Dr Nilay Arman leads on the HP involvement at the Young Investigator Meetings (YIM) and leads our HP educational focus. Our 2nd deputy is currently vacant with a focus on **Communication and Networking** (arranging networking zooms, inviting speakers, taking minutes, newsletter preparation, liaising with working parties). You will be expected to attend leadership and ComPaS meetings and contribute to HP projects. In return you will receive support to attend the PReS Congress Annual meetings for the next 2 years, after passing a review in 1 year's time. Term to start at this years Congress in Rotterdam.
