Jelena Vojinovic vojinovic.jelena@gmail.com

EMERGE representative: Dragana Lazarevic, lazarevic.gaga@gmail.com

Patient/Parent PARE representative: **open for position**

17:15	Opening Imaging WP	
	Silvia Magni-Manzoni, Jelena Vojinovic	Welcome Pipeline of the PReS Imaging WP PReS Working Parties 2.0, the 3 pillars
17:20	Update on ongoing activities	
17:20	Science and research projects	Lead: Silvia Magni-Manzoni
	Daniel Windshall	Update on the PRES-GKJR project: Validation of normal age- and sex-related sonographic findings of the knee and hip by comparison to patients with knee arthritis and hip arthritis - an international multicenter study by the imaging working groups of the PReS and GKJR PI: D. Windshall Project still open for participation; <i>for information and request to participate, contact:</i> <i>Daniel Windschall, danwindschall@web.de</i>
	Jelena Vojinovic	EULAR Project CLI087: EULAR/PReS standardised procedures for US imaging in Pediatric Rheumatology PIs: Jelena Vojinovic, Paz Collado; Fellow: Iustina Jianta Project closed. Image and video library is available, at the moment, at the PRINTO website, for participants to the DAISY study. In the near future detailed instructions, image and video library will be posted at the PReS website

		(member area) within the PReS Academy educational material and at the EULAR website.
	Silvia Magni-Manzoni	<p>EULAR IMG015: EULAR/PReS Procedures for format, content and conduct of EULAR/PReS PedMSUS courses Pls: Esperanza Naredo, Silvia Magni-Manzoni; Fellow: Valentina Muratore</p> <p>Project ongoing. <i>All members of the Imaging WP will be asked to be included in the Consensus Group (part II of the project); participation will be completely free; all Members of IWP who will accept will be asked to participate to one or more DELPHI surveys in the next months.</i></p> <p>Contact emails: Valentina Muratore, valentina.muratore@gmail.com Silvia Magni-Manzoni, silvia.magnimanzoni@opbg.net</p>
17:35	Education and training projects	Lead: Jelena Vojinovic
	Jelena Vojinovic, Silvia Magni Manzoni	EULAR/PReS Pediatric MSUS courses planning: unavoidable changes in 2020 (<i>cancellation of the EULAR/PReS MSUS course in June 1-3, Bad Nauheim, Germany, and of the planning of the PedMSUS course in September, preceding PReS in Prague</i>)
	All (discussion)	<p>Notes:</p> <ul style="list-style-type: none"> -Request for PedMSUS course in 2021, possibly just prior the PreS Annual Meeting in Dubrovnik, aware of the joined support of the PReS Educational and Training Committee and of the PReS Academy -Riconsider educational support via web (as much as feasible due to the peculiar nature of the ultrasound skills), as the COVID-19 is still forcing us to explore multiple ways of teaching and learning
17:45	Clinical care	Lead: Clara Malattia
	Dragana Lazarevic, Jelena Vojinovic	<p>Update on the project: Applicability of standardized ultrasound examination to estimate disease activity in combination with JADAS and inflammation markers in JIA patients (FOREUM, DAISY) PI: Dragana Lazarevic, Jelena Vojinovic</p> <p>Project still open for participation - <i>Requirements for participation include certified clinical and ultrasound skills; for information and request to participate, contact:</i> Dragana Lazarevic, lazarevic.gaga@gmail.com</p>
17:55	Other	
	Silvia Magni-Manzoni, Jelena Vojinovic, Clara Malattia	Proposals for Imaging WP structure, internal rules, work descriptions
	All	Discussion, proposals also via chat and email
18:15	Closing remarks	

REQUESTS OF NEW PARTICIPANTS, SEPTEMBER 2020: #7

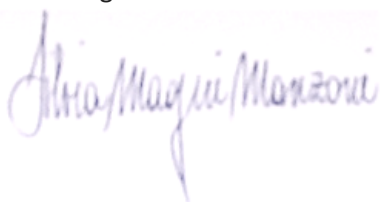

1 from India, Egypt, Germany, The Netherlands

3 from United Kingdom

GOALS FOR 2020-2021:

Science and research projects	Lead: Silvia Magni-Manzoni
To proceed with ongoing projects	
To present of 1-2 abstract(s) by the IWP at the next PReS Annual Meeting	
To facilitate participation of PReS members to multicenter projects	
To share and disseminate experiences	
Clinical care	Lead: Clara Malattia
To implement PedMSUS standardized examination and scans in clinical setting (DAISY project, rif. D.Lazarevic, J.Vojinovic)	
To facilitate clinical application of technical skills and knowledge	
Education and training projects	Lead: Jelena Vojinovic
To organize a EULAR/PReS musculoskeletal ultrasound course 2021 - just prior 2021 PReS Annual Meeting in Dubrovnik	
To finalize the atlas on PedMSUS standardized examination and scans on the EULAR and PReS websites	
To foster collaboration with the PReS Educational and Training Committee, PReS Academy, EULAR Standing Committee on Musculoskeletal Imaging and EULAR corresponding educational committee	
Other	
To define, discuss and reach consensus on the WP structure, internal rules, work descriptions.	
Next Zoom Meeting: January 2021 (exact date will be circulated in December 2020)	

Silvia Magni-Manzoni
