| <b>ADDITIONAL INFORMATION TO BE ATTACHED ALONGSIDE THE APPLICATION</b>   |             |    |             |    |            |    |
| <ol style="list-style-type: none"> <li><b>Short CV</b> including a list of publications and PRES conference abstracts (maximum 3 pages, Times New Roman 12 font with 1.5-line spacing)</li> <li>A short and clear <b>outline of the research project</b> to be undertaken during your fellowship (maximum 1 page, Times New Roman 12 font with 1.5-line spacing).</li> <li>A brief <b>personal statement</b> supporting this application (maximum 1 page, Times New Roman 12 font with 1.5-line spacing). Within this statement please indicate the professional or personal reasons why you should be considered for this fellowship and why it is particularly important that you should gain experience from a centre abroad</li> <li>A <b>list of areas</b> which you would like to improve in the centre (see below)</li> </ol> |             |    |             |    |            |    |

**APPENDIX 5:**

| <b>CLINICAL SCORING SYSTEM</b>   |               |  |   |
|--|---------------|--|---|
| <b>OBLIGATORY REQUIREMENTS</b>   |               | Candidates should be members of PRES   |   |
|  |               | Candidates should be younger than 45 years of age                                |   |
|  |               | Candidates should have completed their residency/training in General Paediatrics |   |
| <b>CRITERIA</b>  |               | <b>SCORE</b>   | <b>RATIONALE</b>  |
| <b>Number of years in paediatric rheumatology</b>  | <b>0-5</b>    | +0.25  | <i>This shows commitment to the field of paediatric rheumatology. Weighting of the score increases assists people who have been involved in Paediatric Rheumatology for a long time, but need further training that is not provided in their country.</i>                               |
|  | <b>5-10</b>   | +0.5   |   |
|  | <b>&gt;10</b> | +0.75  |   |
| <b>Postgraduate qualifications in the field of Paediatric Rheumatology</b>                                       | <b>PhD</b>    | +1   | <i>This proves that the candidate is also scientifically involved in the field of Paediatric Rheumatology.</i>  |
|  | <b>MSC</b>    | +0.5   |   |
|  | <b>Other</b>  | +0.5   |   |
| <b>Enrolled in Paediatric Rheumatology Training Program</b>  |               | +2   | <i>Fellowship placements are not intended to provide Paediatric Rheumatology clinical training in isolation. They should help the candidate to build on their previous training and gain experience, knowledge and skills that are hard to attain in their primary training centre.</i> |
| <b>Paper in the field of the Paediatric Rheumatology published in international peer reviewed journal (each)</b> |               | +0.5   | <i>This proves scientific commitment of the candidates to the field of Paediatric Rheumatology</i>  |
| <b>PRES meetings attended (each)</b>   |               | +0.5   | <i>This gives more chance to candidates who are actively involved in PRES activities</i>  |

|   |           |   |
|---|-----------|---|
| <b>Previous application (each)</b>                | +0.5      | <i>This gives more chance to candidates who had to apply more than once</i>   |
| <b>Previous PRES EMERGE fellowship undertaken</b> | -1        | <i>Although candidates are allowed to apply more than once, for the second time they have less chance of success</i>  |
| <b>Points for the selected centre</b>             | (0-3 max) | <i>These points will give better chance to applicants who selected centre with better conditions for the fellowship</i>   |
| <b>Points for the research proposal</b>           | (0-3 max) | <i>These points will give more chance to applicants who will conduct better research during their fellowship.</i>   |
| <b>Points for the personal statement</b>          | (0-3 max) | <i>The candidates who give a better explanation as to how this fellowship could influence their career and paediatric rheumatology in their institution/region/country should get more points.</i>  |
| <b>Bonus points for extenuating circumstances</b> | (0-3 max) | <i>These points will give opportunity to applicants to gain points by explaining why they should be specifically considered or by showing why certain scoring criteria couldn't be met (e.g. not having a Paediatric Rheumatology Training Program in their country).</i> |
